

Tarka Class HOMEWORK Spring 2022

All children are expected to complete the following each week:

1. Please **listen to your child read at home every day** and share a wide variety of texts to increase their love of reading. (There will be more information soon about our new phonics program Read,Write,inc.)
2. Encourage your child to count forwards and backwards and recognise numbers in their environment.
3. Complete one project homework task per term.

Homework projects will be set termly to help consolidate learning taking place in school. Project homework tasks are for every child to engage in and encourage creativity in learning. **Choose one project to complete this half term.** If you want to do more, you can! child's home learning accelerates their progress. We will invite parents school in the second half of term to see the homework and celebrate home learning.

Thank you for the ongoing support with your child's home learning.

Mrs Rees

Project 1 - London

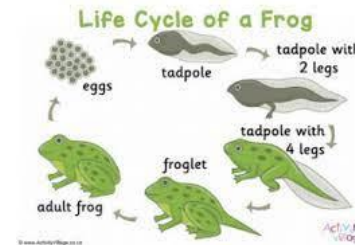

There are so many amazing buildings in London from Buckingham Palace to Big Ben to the The Shard. Can you make some of these buildings? You can use whatever you want to do it including lego, junk modelling or even cake!

Project 2 - Growing and learning

Spring is a time for new plants to blossom and grow. Could you plant some different seeds and record their growth? You could use beans. How could you record their growth and development? What do plants need to germinate and grow into healthy plants? How could you show this?

Project 3 - Spring

We celebrate spring in different ways; we all look forward to the warmer days and new animal and plant life. Christians celebrate Easter. You can either create a beautiful Easter garden to show the Easter story or research the lifecycles of butterflies, frogs and chicks. Could you teach our class what you have discovered? How could you represent the information? It could be a video report, a model a painting or a fact file!
